EDUCATION

September 2023- Jun 2027 | **Beijing Technology and Business University** | Cosmetic Technology and Engineering

INTERNSHIP EXPERIENCE

May 2026 – Jun 2026 Beijing Cheil Bhaza E-commerce Co., Ltd. E-commerce Data Analyst

- **Competitive Intelligence & Price Monitoring**: Monitored competitor pricing (Apple, Huawei, Xiaomi, etc.) across core e-commerce platforms (Tmall, JD.com). Tracked market fluctuations, trade-in programs, and regional subsidies (e.g., "JD Government Subsidy") to deliver daily intelligence reports to the Mobile Business Unit Head and Marketing Department, driving agile pricing and promotional strategies.
- **Multi-Channel Traffic & User Operations:** Managed full-channel backends including Tmall Qianniu, Douyin (TikTok) Compass, and Kuaishou Shop. Monitored multi-dimensional traffic data daily, focused heavily on customer service conversion rates and live-streaming revenue shares, and generated comprehensive traffic performance evaluation reports.
- **Funnel Analysis & CRM Strategy:** Applied funnel models to dissect Tmall flagship store user assets, conducting daily reviews of the member conversion path (growth, retention, active buyers, and GMV). Executed multi-dimensional drill-down analyses to quantitatively evaluate the ROI of campaign/88VIP exclusive coupons, delivering actionable CRM and marketing optimization recommendations to store managers and strategists.

Jan 2026 – Apr 2026 ZuoYeBang Education Technology (Beijing) Co., Ltd. Data Operations Intern

- **Short-Video Growth Optimization:** Spearheaded data monitoring and growth optimization for short-video channels (Douyin, Kuaishou). Utilized MySQL to extract full-link traffic and user behavior data, and Excel for statistical tracking and trend analysis; pinpointed key variance factors via conversion funnel models, helping the team optimize ad spend and boost the Douyin channel conversion rate by ~10%.
- **Cross-Functional Data Support & Process Optimization:** Partnered closely with internal operations to deconstruct business pain points using the 5W2H framework, translating unstructured feedback into structured data insights for the Product team. Analyzed end-to-end customer complaint data to identify bottlenecks, shortening the operational issue-resolution loop by 15%.

July 2025 – Nov 2025 Beijing Longzhi Network Media Technology Co., Ltd. AE Intern

- **Data-Driven Strategy & Competitive Analysis:** Conducted extensive retrieval and synthesis of key metrics for Apple products, including pricing, sales volume, and online engagement, to deliver comprehensive competitive analysis reports that guided campaign strategies.
- **Social Listening & Crisis Response:** Monitored real-time public sentiment and trending topics regarding new product launches; responded rapidly to emerging PR dynamics, providing crucial data support for Single's Day (Double 11) promotional strategies.
- **Brief Optimization & KOL Collaboration:** Spearheaded the data enrichment and multi-dimensional information gathering for product briefs, ensuring accurate demand alignment while deeply engaging and coordinating with multiple KOLs.

SKILLS & INTERESTS

Tools: EXCEL,MySQL Data Analysis, Trello, tableau.

Awards & Skills: CDA LEVEL 1 Certificate holder;Competent in using ChatGPT, Grok,Claude and other AI tools to assist data processing and insight generation

Interests: Basketball, Fitness, Reading
